

EQUS[®] Advanced User Workshop

August 16-18, 2011 – Edison, New Jersey

The EQUS Advanced User Workshop will be an in-depth, interactive workshop lead by EarthSoft's Development team. The content of this workshop will be determined primarily by topics of interest expressed by participants. Rather than following a typical training agenda, attendees will be expected to submit specific questions or issues pertaining to the advanced use and/or customization of EQUS.

Following successful completion of this three-day workshop, attendees will be prepared to address the specific needs of their users. Hands-on activities targeted toward each person's questions and interests will result in a better knowledge and understanding of EQUS. The Advanced User Workshop is a great opportunity for administrators, developers, and power users to gain the expertise necessary to turn the EQUS system into a customized solution to satisfy the needs of end users. There are **only 12 seats** available for this exciting and insightful workshop, so register now! Depending on participant requests, the course may cover such topics as:

Database:

- st_tables
- Adding New Fields and Tables
- Creating Views and Functions
- Optimization

Customizing EDD Formats:

- Customizing Format Files
- Roles of .xsd, .vb, .rvf and Enumeration Files
- Implementing Business Rules
- Resolving 'Clean Data' Problems

Reporting:

- Aggregate and Crosstab Reporting in EZView
- Creating Active Reports
- Using Functions and Procedures

EQUS Enterprise:

- Accessing Multiple Databases
- Establishing Application Level Security
- Configuring and Using Enterprise EDP
- Setting up Enterprise Information Agents (EIA)

Location and Requirements

This course will be held at CDM, Raritan Plaza I, 110 Fieldcrest Avenue, 6th Floor, Edison, New Jersey.

Attendees will be expected to bring their own laptop computer (see the MSDN forum link for system requirements). Attendees must also have a working version of EQUS Professional installed on their laptop, as well as an understanding of EQUS applications, database administration, and architecture.

A development tool such as Visual Studio as well as Syncfusion and Infragistics are also strongly suggested so as to be utilized during class report and form creation exercises. A list of qualified versions of each software will be distributed to each participant prior to the class.

Cost and Registration

The early registration fee of \$1,800 (\$1,900 for registration after August 3, 2011) includes instruction, and hand-on use of EQUS, and class notes. To register for the course, please fill out the attached Training Registration form and fax to 503-345-0212 or email to training@earthsoft.com.

EQUS Training Registration Instructions

Registration Form

A completed registration form is required for each registrant. Registrations are processed on a first-come, first-served basis. For any other information, contact EarthSoft at training@earthsoft.com. Incomplete or unsigned registration forms will not be processed and may delay class reservations. You will receive an acknowledgment letter notifying you of receipt of payment and registration status. Classes are normally confirmed or cancelled based on enrollment approximately ten business days before the scheduled start date.

Payment

Payment is required in advance and may be made by check (payable to EarthSoft, Inc.), purchase order (cash is not accepted), or credit card. To expedite registration, follow these directions:

- Check payments or purchase orders: Please mail payment/purchase order to P.O. Box 7558, Pensacola, FL 32534. Before mailing, fax a copy of your registration form and check/purchase order to 503-345-0212. Note: If paying by purchase order, registrant must be invoiced and payment received prior to the scheduled training date.
- Credit card payments: Please include credit card information and fax to 503-345-0212.

Class Schedule Changes and Cancellations

It is sometimes necessary to change the dates of a class or to cancel a class. Registrants are contacted at the earliest opportunity in the event of a scheduling change or cancellation.

Travel

Transportation to the training site is the registrant's responsibility. EarthSoft, Inc. assumes no responsibility for nonrefundable travel arrangement losses resulting from course scheduling changes or cancellations.

Lodging and Meals

Registrants are provided a class location and a list of area hotels. Registrants are responsible for making their own lodging arrangements. Meals are not provided.

Course Materials

All course materials are provided at the training site.
